

UI/UX Testing Report

Goal:

To identify and document inconsistencies and bugs in the user interface and user experience of the given websites by comparing them against the Figma design. This includes analyzing fonts, text alignment, navigation, icons, responsiveness, and other key design elements.

4. Sign-Up Options

- **Description:** Limited sign-up options.
- **Suggestion:** Include options for signing up via social media accounts or Hotmail.

- **Screenshot:**
 - Figma Design:

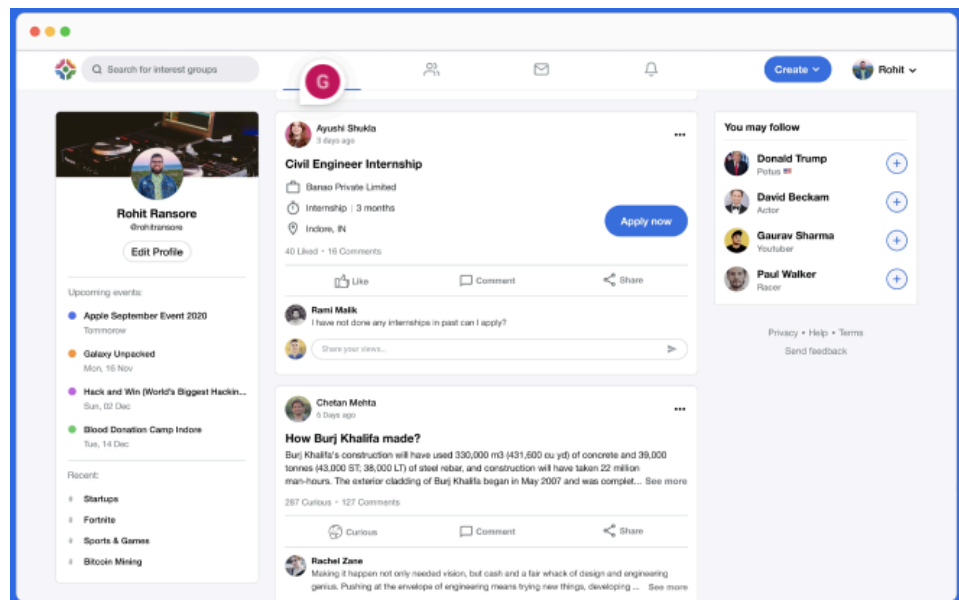

- Website:

5. Repeated Image Issue

- **Description:** Same image is repeated across sections.
- **Suggestion:** Use different images featuring various domains and objectives.
- **Screenshot:**
 - Figma Design:

- Website: not given

6. Generic and Irrelevant Content

- **Description:** Generic content appears in domain selection.
- **Suggestion:** Replace with more specific and relevant domain names for targeted searches.

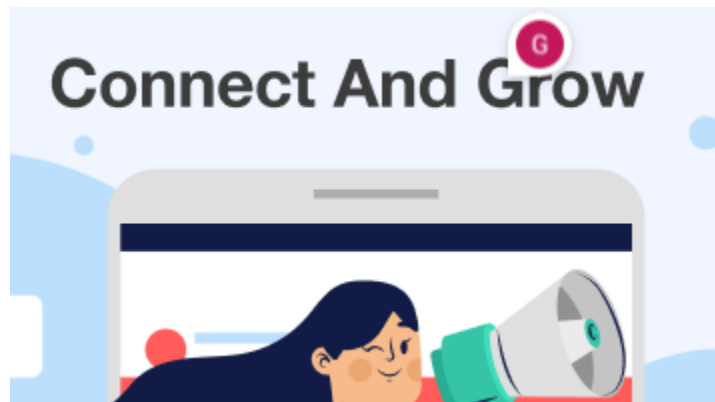

- **Screenshot:**
 - Figma Design:

- Website: removed in website

7. Connect and Grow Text Alignment

- **Description:** Text placement and color are not optimal.
- **Suggestion:** Increase font size, move text higher, and use a different font color.
- **Screenshot:**
 - Figma Design:

- Website: ■ N/A (Behavioral issue).

8. Generic Style Images

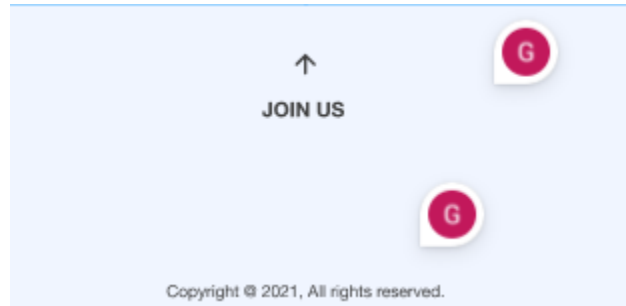

- **Description:** Images used are too generic.
- **Suggestion:** Use more stylistic and domain-specific images.
- **Screenshot:**
 - Figma Design:

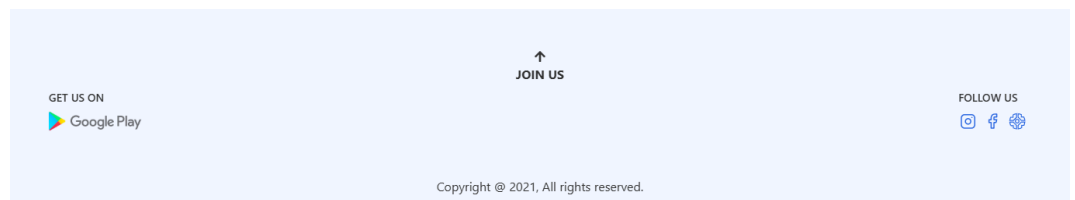

- Website: N/A

9. Footer Hypertext Links

- **Description:** Lacks hypertext links for contact and email.
- **Suggestion:** Add hypertext links for "Contact Us" and email.
- **Screenshot:**
 - Figma Design:

- Website:

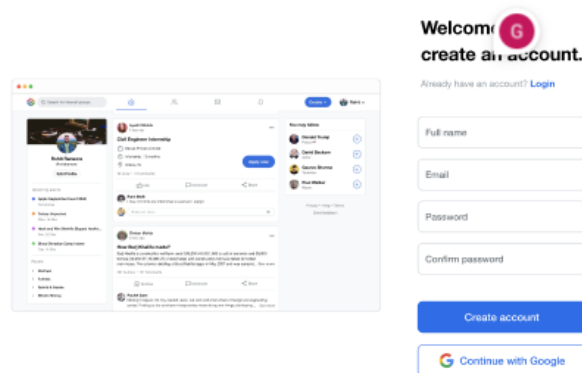

10. Footer Details Missing

- **Description:** Organizational details like location, licenses, and policies are missing.
- **Suggestion:** Add relevant information in the footer section.
- **Screenshot:**
 - Figma Design: same image applicable as given before
 - Website: same image applicable as given before

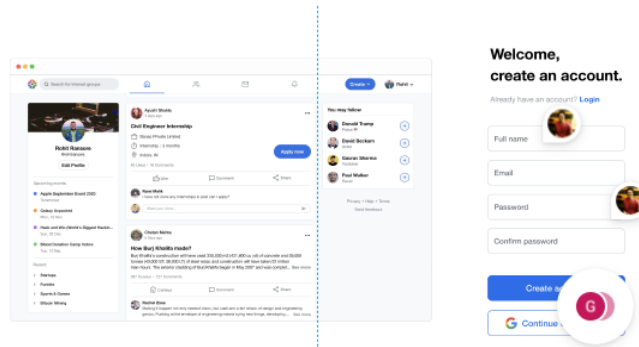

11. Container Symmetry in Mobile View

- **Description:** Container size in "Create Account" page is not symmetric in mobile view.
- **Suggestion:** Reduce container size for better symmetry.

- **Screenshot:**
 - Figma Design:

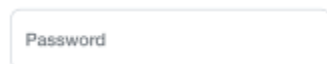

- **Website:**

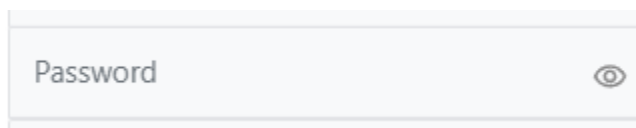

12. Password Placeholder Constraints

- **Description:** Password field lacks placeholder constraints.
- **Suggestion:** Add constraints like minimum character length or special character requirements.
- **Screenshot:**
 - Figma Design:

- **Website:**

Business Page (Bugs 13-22)

13. Zender Text Hyperlink

- **Description:** Text does not appear as a hyperlink.
- **Suggestion:** Make "Zender" text clickable as a hyperlink.
- **Screenshot:**
 - Figma Design:

- Website: N/A

14. Font Style in Build Page

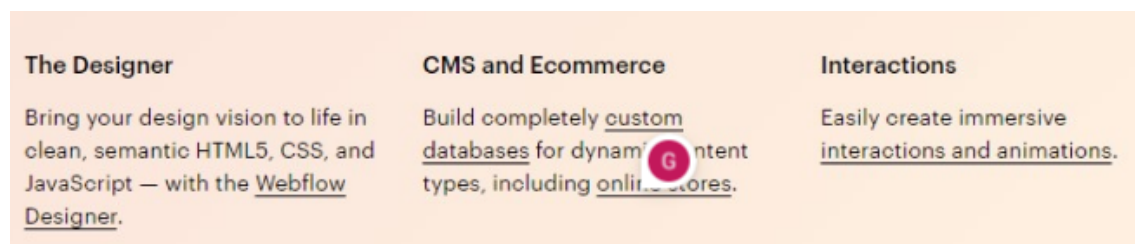

- **Description:** Font style lacks emphasis.
- **Suggestion:** Use a retro-style font like "Gagalin" for bold emphasis.
- **Screenshot:**
 - Figma Design:

- Website: N/A

15. Underlined Text Issue

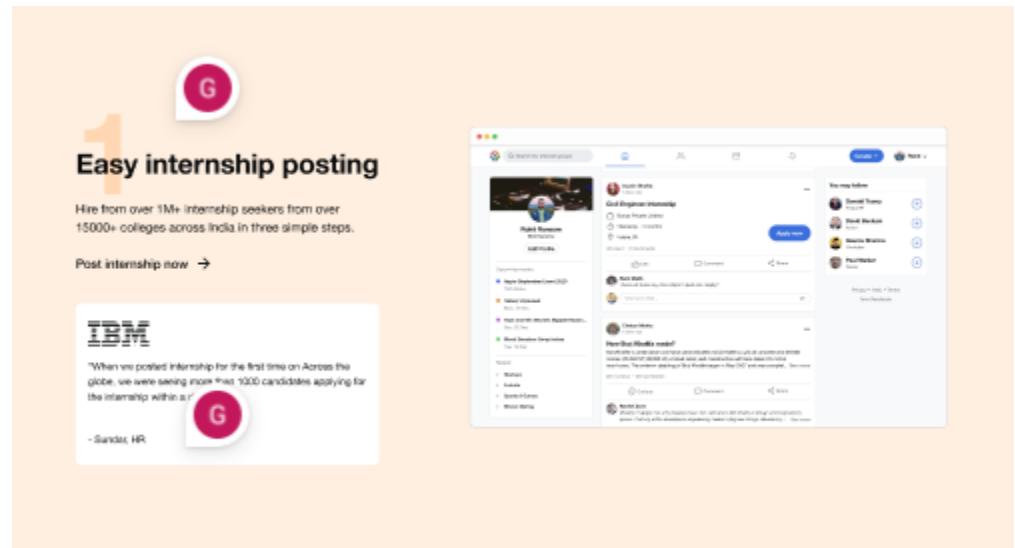

- **Description:** Too many underlined words.
- **Suggestion:** Only underline important words to avoid clutter.
- **Screenshot:**
 - Figma Design:

- Website: N/A

16. Color Leaf Theme

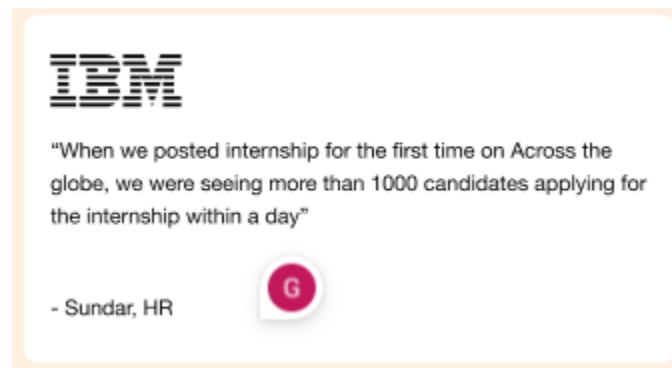

- **Description:** Current color theme lacks freshness.
- **Suggestion:** Use a fresh green color for a more aesthetic appeal.
- **Screenshot:**
 - Figma Design:

- Website: N/A

17. Font Size and Container Adjustments

- **Description:** Font size and container size are too small.
- **Suggestion:** Increase both slightly to enhance readability.
- **Screenshot:**
 - Figma Design:

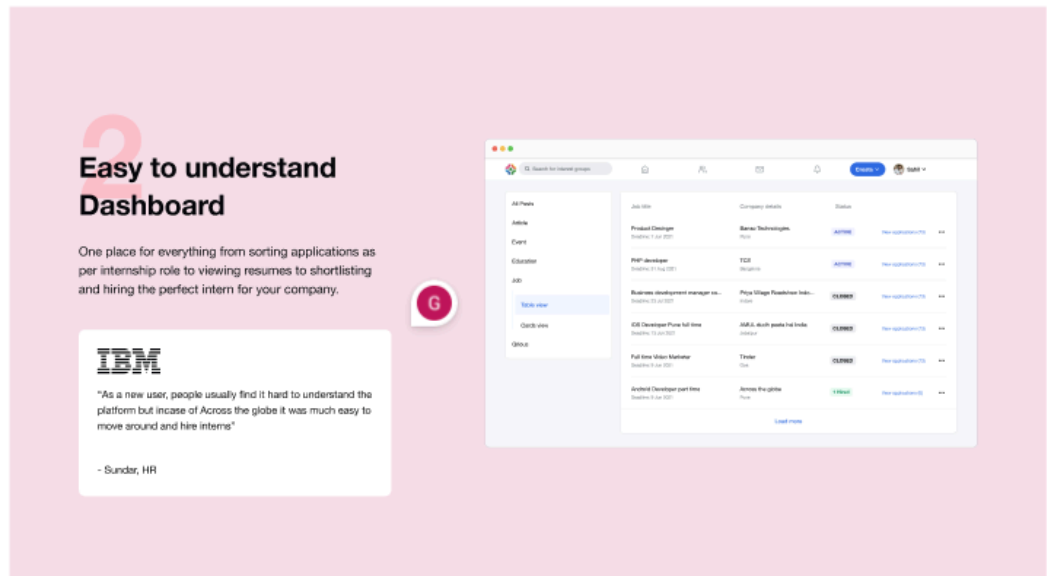

- Website: N/A

18. Interactive User Journey

- **Description:** Static images fail to illustrate user journey.
- **Suggestion:** Add an interactive user journey component.

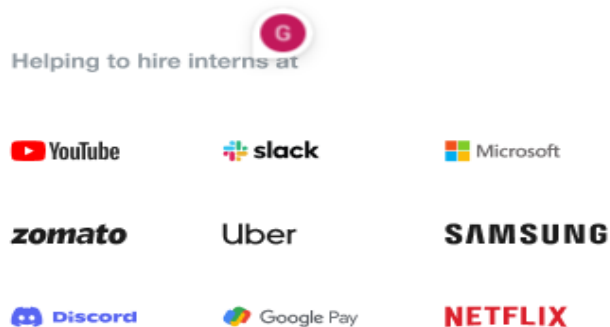

- **Screenshot:**
 - Figma Design:

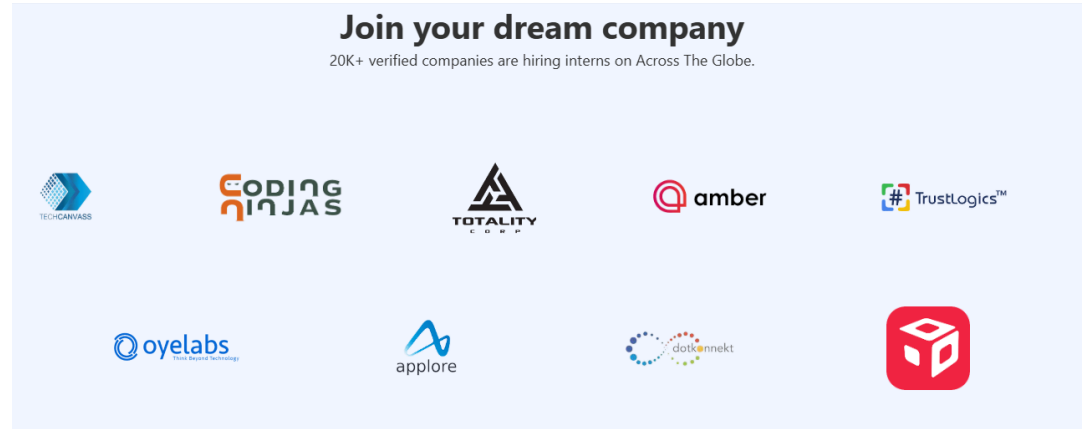

- Website: N/A
